"I think the leadership in ACE is some of the best in the industry and I wanted to show our support and be engaged. I thought ACE did a nice job of focusing on the key points and issues and allowing us a forum to hear. I'd recommend people attend the ACE conference — we can't make the changes needed by the industry if we aren't at the table."

— Erik Huschitt, CEO & General Manager at ACE member ethanol plant, Badger State Ethanol

"ACE is a great trade organization and the conference is always well done; a great networking venue. ACE is a very effective voice for our industry and run by great people."

— Bernie Hoffman, P&E Solutions LLC
